SILVERTHORNE CREATIVE DISTRICT

COMMUNITY. CULTURE. ART.

What is a Creative District?

A Creative District is a walkable area with a vibrant mix of arts, culture, creative businesses and experiences. These districts showcase a community's unique character, attract visitors and contribute to a thriving local economy.

A Place Where Art Meets Adventure

In 2025, the Town of Silverthorne was officially designated a Colorado Creative District by Colorado Creative Industries, part of the State's Office of Economic Development and International Trade. This recognition celebrates more than a decade of community-driven efforts to grow and support arts, culture and creativity throughout town.

What This Means for You

As a Colorado Creative District, Silverthorne is:

- A recognized arts and culture destination in Colorado
- Connected to statewide creative networks and opportunities
- Supported through funding, grants, marketing and training
- Committed to enhancing downtown vibrancy and local businesses
- Focused on creating diverse, welcoming and accessible experiences
